

RÉSUMÉ DIGEST

ACT 889 (HB 1231)

2026 Regular Session

Berault

Prior law provided Medicaid coverage for continuous glucose monitoring for individuals with diabetes who require insulin more than two times daily or evidence of level 2 or level 3 hypoglycemia.

New law modifies prior law by providing Medicaid coverage for continuous glucose monitoring for individuals with diabetes, including gestational diabetes, who require insulin or evidence of level 2 or level 3 hypoglycemia.

Effective August 1, 2026.

(Amends R.S. 46:450.8(A)(1))
