Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Tabitha I. Gray.

DIGEST

Proposed law requires an elected or appointed official to disclose certain specific information regarding the receipt (either directly, through his spouse, or through a legal entity in which he or his spouse owns 5% or more) of any thing of economic value through a contract or subcontract which is related to a gubernatorially declared disaster or emergency and which the official or his spouse knows or reasonably should know is or may be funded or reimbursed in whole or in part with federal funds. Proposed law requires the following information to be disclosed to the Board of Ethics (ethics board):

- The official's name, address, and office held and if the thing of economic value is (1) derived through a spouse, the name and address of such person.
- (2) If through a legal entity, the name and business address of the entity, the official's or spouse's ownership interest in the entity, and the position, if any, held by the official or his spouse in the legal entity.
- The nature of the contract or subcontract, including the amount of the contract or (3) subcontract and a description of the goods or services provided or to be provided.
- (4) The amount of income or value of any thing of economic value derived through the contract or subcontract by the official or his spouse for the previous calendar year (except as provided for initial statements).

Proposed law requires an initial disclosure statement containing all of the information specified above to be filed with the ethics board no later than 30 days after the effective date of proposed law or 15 days after the official or legal entity enters into the contract or subcontract, whichever occurs later. Specifies instead of disclosing the actual amount of income or value of any thing of economic value derived from the contract or subcontract for the previous calendar year, the official shall include the amount of income or value of any thing of economic value to be derived or reasonably expected to be derived from the contract or subcontract for the first calendar year of the contract or subcontract. Proposed law then requires annual disclosure statements to be filed no later than February 15 of each year that include information for the previous calendar year. Proposed law requires such disclosure statements to be filed until a disclosure statement is filed after the completion of the contract or subcontract or until the person filing the statements is no longer an elected or appointed official, whichever occurs first.

<u>Proposed law</u> specifies that annual disclosure statements shall not be required for the receipt of things of economic value pursuant to contracts or subcontracts entered into prior to an elected or appointed official taking office. However, provides that if an elected or appointed official or spouse of such a person receives or reasonably expects to receive a thing of economic value otherwise required to be disclosed by <u>proposed law</u> pursuant to the renewal of such a contract or subcontract occurring after he takes office, such official shall file a disclosure statement no later than 15 days after such renewal in accordance with the provisions of <u>proposed law</u> requiring an initial disclosure statement and annually thereafter in accordance with <u>proposed law</u>. <u>Proposed law</u> specifies that all disclosure statements filed pursuant to <u>proposed law</u> are public records.

<u>Proposed law</u> provides that failure to file a statement, failure to timely file a statement, failure to disclose required information, or filing a false statement shall subject a person to penalties as provided in the Code of Governmental Ethics (<u>present law</u>). Additionally imposes penalties of \$100 per day for failure to file, knowingly and willfully failing to timely file, or knowingly and willfully failing to disclose or accurately disclose any information required for each day until the statement or required accurate information is filed.
