EXPENDITURE EXPLANATION

This bill would increase local government expenditures by an indeterminate amount.

Assessors' expenditures could increase due to the preparation of assessment lists, supplemental rolls, or change orders and amended grand recaps associated with assessing property damaged or destroyed during a disaster or gubernatorially declared emergency.

In addition, according to an official with the Louisiana Municipal Association for a similar bill, there may be a minimal increase in expenditures for taxing authorities or parishes due to issuing press releases and providing notice to assessors (e.g., postage).

REVENUE EXPLANATION

This bill could decrease local government revenues by an indeterminate amount.

The bill allows provides for an assessment of property damaged or destroyed during a disaster or gubernatorially declared emergency, but does not provide for an adjustment to ad valorem tax millages.

The bill also extends the deadline for completion and filing of tax rolls and the deadline for payment of those taxes, but these extensions have no fiscal impact.
