

Existing law requires the preparation of assessment lists to be completed by assessors on or before the first day of July in each year, in Orleans Parish, by the first day of August of each year.

New law provides for the year 2006 only, because of the extraordinary circumstances due to Hurricane Katrina, the assessors in and for the parish of Orleans shall complete the work of preparing and making up the assessment lists for the year 2006 by Dec. 31, 2005.

Effective upon signature of governor (November 29, 2005).
