## DIGEST

The digest printed below was prepared by House Legislative Services. It constitutes no part of the legislative instrument.

---

Bruneau, Lancaster

HB No. 2

**Abstract:** Provides for the redistricting of the state's congressional districts and provides for the composition of each of the seven congressional districts. Effective for election purposes only for the regular congressional elections in 2002 and for all purposes on Jan. 3, 2003.

Statistical summaries of the proposed law, including district variances from the ideal population of 638,425 and the range of those variances, as well as maps illustrating proposed district boundaries accompany this digest. (*Attached to hard copies of the bill distributed during session and available as a separate document on the Internet.*)

Present U.S. Constitution (14th Amendment) provides that representatives in congress shall be apportioned among the several states according to their respective numbers, counting the whole number of persons in each state. The U.S. Supreme Court has held that the population of congressional districts in the same state must be as nearly equal in population as practicable.

Present law divides the state into seven districts for election of Louisiana's representatives to the U.S. House of Representatives.

Proposed law redraws district boundaries for the seven congressional districts, effective for election purposes with the opening of the qualifying period for the 2002 primary election for members of congress.

Proposed law specifies that precincts referenced in district descriptions are those adopted by the respective parish governing authorities under R.S. 18:532 and made effective not later than January 1, 2000, for the purpose of establishing block boundaries for the 2000 federal decennial census, except that for precincts changed by court order or ordinance as provided by present law and validated by the legislature prior to June 23, 2001, reference is to precincts so changed and validated. Also specifies that if any such precinct has been subdivided on a nongeographic or geographic basis under existing law, the general precinct designation in the district description includes all nongeographic and geographic subdivisions of the precinct. Further provides that the territorial limits of the congressional districts as enacted shall continue in effect without change regardless of any changes made to the precincts by the parish registrar of voters or the parish governing authority.

Proposed law specifies that it does not reduce the term of congressmen elected at the 2000 congressional election or elected to fill a vacancy for the remainder of a term which began on January 3, 2001. Requires that a vacancy in congress filled after January 3, 2003, be filled from the new district.

Proposed law retains present districts until noon, January 3, 2003, at which time present law is repealed and proposed districts are effective for all purposes.

Effective for election purposes only for the regular congressional elections in 2002; effective for all purposes on Jan. 3, 2003.

Population counts in the summaries accompanying this digest are derived from Census 2000 Redistricting Data (P.L. 94-171), Summary File, Census of

Population and Housing, Louisiana (U.S. Department of Commerce, Bureau of the Census, issued March 9, 2001), as validated and adjusted by staff of the Louisiana Legislature. Population data, statistical information, and maps are supplied for purposes of information and analysis and comprise no part of proposed law text.

(Adds R.S. 18:1276; Repeals R.S. 18:1276.1)
