23 terms in both English and the language requested by the parish governing authority.
24 The supplement shall provide guidelines for uniform bilingual guide signs that are
25 installed on federal and state highways throughout the state. In developing the
26 supplement, the department shall coordinate with the Council for the Development
27 of French in Louisiana, R.S. 25:651 et seq.

28 (2) The supplement shall provide a process by which a parish governing
29 authority may make a request for bilingual guide signs. The process shall, at
30 minimum, include the following:

31 (a) The parish governing authority shall identify the guide signs along the
32 state and federal highways within its boundaries which it wants to be bilingual.

33 (b) The parish governing authority shall identify the language to be used on
34 bilingual guide signs within its boundaries.

35 (c) The parish governing authority shall submit the non-English terms and
36 spelling thereof to be used on each bilingual guide sign within its boundaries. The
37 non-English terms and spelling thereof shall be subject to the approval of the
38 department, unless the submitted non-English terms are Louisiana French.

20 volumes associated with schools which are located on state highways.

21 (2)(4) The department shall require that any signage on public highways
