EXPENDITURE EXPLANATION

The proposed bill will result in an increase in state general fund expenditures as a result of increasing judicial compensation at the district, appellate, supreme court and city/parish levels in the amount of approximately \$2.5 million in FY 14 and approximately \$1.4 million in subsequent fiscal years. The increase includes salary, medicare (1.45%) and retirement costs (36.3%) as a result of the increased salaries.

There are a total of 372 judges (7 Supreme Court, 53 Appellate judges, 218 District judges, 94 City/Parish judges) in the state that would be impacted by this bill. The total salary cost for the 372 judges in FY 13 is \$44,994,972. CONTINUED EXPLANATION from page one:

Local Funds Impact

This bill may result in an indeterminable increase of local fund expenditures due to local sheriff pay raises. Act 350 of the 2012 Regular Legislative Session linked district court judge pay raises to Sheriff pay raises. If district court judges' pay is increased, then Sheriffs pay is increased if the sheriff meets the other requirements of Act 350. These raises are permissive. In addition, pursuant to Act 350, in order to be eligible for such raises, the sheriff shall complete training requirements outlined in Act 350 (LA Sheriff's Executive Management Institute). The LFO is unable to determine the specific fiscal impact of these raises as each sheriffs' pay rates vary statewide. However, according to the LA Sheriff's Association there are currently 42 sheriffs that have completed the Act 350 training requirements and would be eligible to receive a 4% pay increase if this bill is enacted.
