

Prior law provided general smoking prohibitions and exemptions.

New law requires public post secondary education institutions to develop smoke-free policies for its campuses and defines "smoke-free" to be the prohibition of smoking in prior law.

New law does not prohibit a public post secondary education institution from developing a tobacco-free policy at its campus. Defines "tobacco-free" to mean the prohibition on the use of tobacco derived or containing products, including but not limited to cigarettes, cigars, cigarillos, pipes, hookah-smoked products, and oral tobacco products.

New law does not supersede the general smoking prohibitions in prior law.

Effective on August 1, 2014.
