DIGEST

Morrish (SB 244)

Present law provides that no policy of health and accident insurance shall be delivered or issued for delivery in this state, nor any endorsement, rider, or application that becomes part of any such policy be used in connection therewith until a copy of the form and premium rates and the classifications of risks pertaining thereto have been filed with the commissioner of insurance. Requires the commissioner to provide written notification to the insurer that has filed the form if it does not comply with provisions of present law. Upon such notice, it is unlawful for such insurer to issue such form in this state. Permits an aggrieved party affected by the commissioner's act to demand a hearing in accordance with present law.

Present law permits the commissioner to withdraw his approval of any such form on any of the grounds stated in present law. Provides that shall be unlawful for the insurer to issue such form or use it in connection with any policy after the effective date of such withdrawal of approval. Prohibits the commissioner from disapproving or withdrawing the approval of any such policy on the ground that its provisions do not comply with health and accident policy provision requirements as stated in present law or on the ground that it is not printed in uniform type if it can be shown that the rights of the insured or beneficiary under the policy as a whole are not less favorable than the rights provided in present law.

Proposed law exempts all policy form and premium rates filed with the commissioner from disclosure to any person under the Public Records Law. This exemption from disclosure remains in effect until the policy form and premium rates are released by the health insurance issuer by offering these products for sale to the public.

Effective August 1, 2014.

(Amends R.S. 44:4.1(B)(11); adds R.S.22:972(D))
