DIGEST

Mills (SB 487)

Proposed law provides the Department of Health and Hospitals shall maintain a primary care case management program as long as the department maintains a Medicaid managed care program which also provides services to Medicaid enrollees through the use of managed care organizations.

Proposed law provides all primary care case management options shall be offered to a Medicaid enrollee at any time a Medicaid enrollee is allowed to enroll in the Medicaid managed care program.

Proposed law defines "primary care case management program" and "managed care organization" to mean it shall have the same definition as it is defined by 42 C.F.R. 438.2.

Effective August 1, 2014.
