## DIGEST

Broome (SB 548)

Proposed law provides definitions for the terms "private employer" and "public entity".

Proposed law defines "private employer" to mean a person, association, legal or commercial entity, receiving services from an employee and, in return, giving compensation of any kind to an employee, who employs 20 or more employees within this state for each working day in each of twenty or more calendar weeks in the current or preceding calendar year.

Proposed law defines "public entity" to mean and include the state of Louisiana, or any agency, board, commission, department, or public corporation of the state, created by the constitution or statute or pursuant thereto, or any political subdivision of the state, local governmental subdivision, or municipality as defined in Article VI Section 44 of the Constitution of Louisiana, any public housing authority, public school board, or any public officer whether or not an officer of a public corporation or political subdivision, and any public body or officer where the particular transaction of the public body or officer is governed by the provisions of the model procurement code.

Proposed law provides that a private employer shall not bid on or otherwise contract with a public entity for the performance of services, the purchase of materials and supplies, and public works within the state of Louisiana unless the private employer verifies in a sworn affidavit attesting to all of the following

- (1) The private employer shall comply with the same pay practices provided in R.S. 23:661 through 669 for state employees.
- (2) The private employer shall continue, during the term of the contract, to comply with such pay practices.
- (3) The private employer shall require all subcontractors to submit to the employer a sworn affidavit verifying compliance with Paragraphs (1) and (2).
- (4) The private employer shall maintain and make available to the public entity its records as provided in R.S. 23:668 upon reasonable notice and during normal working hours.

Proposed law requires a public entity which discovers that a private employer has not complied with or is otherwise in violation of the provisions of the proposed law to send written notice to such private employer requiring him to comply or remedy the violation not later than 60 days from the date of the notice. A private employer who fails to comply with or remedy the violation within the 60-day period may be subject to cancellation of any of his public contracts and may be

declared ineligible to enter into any public contract for a period of not more than three years from the date of the discovery of the violation.

Proposed law further provides that the private employer shall be liable for any additional costs incurred by a public entity, occasioned by the cancellation of a contract or loss of any license or permit to do business in the state.

Proposed law provides that a private employer penalized in accordance with its provisions shall have the right to appeal to the appropriate agency, department, or other public entity sanctioning the person or to the court of competent jurisdiction.

Proposed law provides that no person, contractor, or employer shall be penalized under its provisions for actions of a subcontractor unless such person, contractor, or employer had actual knowledge of such subcontractor's failure to comply with its provisions.

Proposed law applies only to contracts entered into or bids offered on or after Jan. 1, 2015.

Proposed law applies to any private employer as defined in proposed law who enters into a contract with any public entity as defined in proposed law.

Proposed law provides that its provisions are supplemental and not intended to supercede any provision of the "Louisiana Employment Discrimination Act", which prohibits discrimination based upon sex regardless of whether the employer is a state entity, a private business, or other employer.

Effective August 1, 2014.

(Adds R.S. 38:2301)
