Henry Burns

HB No. 126

Abstract: Requires law enforcement officers to determine compliance with the requirements of the compulsory motor vehicle liability security law during traffic stops.

Present law requires law enforcement officers to determine if the owner or lessee of each motor vehicle stopped at an administrative violations checkpoint, motor vehicle accidents, or in connection with an alleged violation of the law has evidence of the required compulsory motor vehicle liability security contained in the vehicle.

Proposed law retains present law and further requires law enforcement officers to electronically verify, as applicable within his capability, that such documents evidencing that the motor vehicle is compliant are current.

(Amends R.S. 32:863.1(B))
