**EXPENDITURE EXPLANATION**

Adding a additional checkoffs to the tax return, in isolation, involves relatively small costs associated with data processing modifications, accounting, and disbursing of any refunds donated. In addition, R.S. 47:120.37(C) authorizes a 20% fee from the donated amounts to defray these costs, and R.S. 47:120.37(B) provides that existing checkoffs be removed from the tax return if they have not generated at least \$10,000 per year for two consecutive years.

**REVENUE EXPLANATION**

There will be no effect on state tax collections since only refunds will be donated. The willingness of taxpayers to donate all or a portion of their tax refunds to any particular purpose can not be predicted. The amount of donations to any particular purpose is likely to be small.

For fiscal year 2012 (the latest year for which the department has published information on checkoffs) the nine checkoffs reported for that year received donations from 14,781 returns out of 2.095 million total returns filed (0.7% of returns); total donations for all purposes were \$281,986; donations per checkoff purpose ranged from a high of \$98,350 (Military Family Assistance Fund) to a low of \$125 (LA Housing Trust Fund); and, the average donation per contributing return was \$19.08.
