<b>Subject:</b> Improving Access to Child Care For Homeless LA Families	

CHILDREN/CARE EG FF EX See Note Page 1 of 1  
 Provides for access to child care assistance by homeless families

Proposed law creates the "Improving Access to Child Care for Homeless LA Families Act." Proposed law requires that the Child Care and Development Fund (CCDF) state plan conforms with the Improving Access to Child Care for Homeless LA Families Act. Proposed law requires the CCDF state plan to (1) include families experiencing homelessness, (2) establish a grace period for homeless families to produce documentation, (3) waive education and training requirements for homeless parents for at least 90 days but no longer than 180 days, and (4) collaborate and coordinate with various person and entities to improve access to child care assistance for homeless families including transportation.

**EXPENDITURE EXPLANATION**

The proposed legislation authorizes the Department of Children and Family Services (DCFS) to waive certain eligibility requirements to allow individuals to receive subsidized child care and is projected to cost \$1,760,640 in Child Care and Development Block Grant (CCDF) federal funds for FY 15 and annually increases by 2% in future fiscal years. This proposed legislation enacts the "Improving Access to Child Care for Homeless LA Families Act" that requires the DCFS to do the following: (1) ensures access to child care assistance through the Child Care and Developmental Fund (CCDF) Block Grant to families experiencing homelessness; (2) establish a grace period for homeless families to produce documentation required for enrollment in child care assistance; (3) waive the employment and training requirements for homeless parents who apply for child care assistance for at least 90 days but not more than 180 days; and (4) collaborate and coordinate efforts with other organizations to improve access of homeless families seeking child care assistance as well as transportation.

Based on a report from the Institute for Children, Poverty, & Homeless, *The American Almanac of Family Homelessness 2013*, there are an estimated 469 homeless families in Louisiana. According to DCFS program statistics from March 2014, the average child care assistance payment is \$233.63 per month (excluding co-payments). The department estimates an average of 1.34 children per family. Thus, an estimated 628 children of homeless families would receive child care assistance under the provision of the Improving Access to Child Care for Homeless LA Families Act (469 homeless families x 1.34 average child per family) at a monthly cost of \$146,720 (628 x \$233.63). In FY 15, total cost are estimated at \$1,760,640 (\$146,720 x 12 months). Historical information from DCFS indicates that provider costs for child care increase 2% annually. Therefore, in subsequent fiscal years, child care assistance for homeless families would increase as follows: FY 16 - \$1,795,853; FY 17 - \$1,831,770; FY 18 - \$1,868,405; and FY 19 - \$1,905,774.

Note: To implement this proposed legislation, the department must amend the CCDF state plan to include homeless children in the definition of protective services. If the amended CCDF state plan is not approved at the federal level, the department would be required to utilize SGF to pay for child care assistance for children of homeless families. Historically, DCFS expends its total annual CCDF block grant budget of \$46 M for child care payments.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
