(c)(i) Within the time limits set forth in Code of Civil Procedure Article 1563(A)(4), any party may request that the court refer the matter to the department to conduct a public hearing to approve or structure a plan which the department determines to be the most feasible plan to evaluate or remediate the environmental damage under the applicable regulatory standards pursuant to the provisions of this Section. The court shall thereafter order that the plan be developed and submitted to the department pursuant to the time limits set forth in this Subsection, which shall govern the parties' submission of any plan, comment, or input in response to the plan, the public hearing, agency review, and approval of the plan by the department.

(ii) The plan approved by the department, and all written comments provided by the agencies pursuant to Subparagraph (3)(b) of this Subsection shall be admissible subject to the Code of Evidence Articles 702 through 705 and Code of Civil Procedure Article 1425 as evidence in any action. There shall be a rebuttable presumption that the plan approved or structured by the department shall be the most feasible plan to evaluate or remediate to applicable regulatory standards the environmental damage. For cases tried by a jury, the court shall instruct the jury regarding the presumption if so requested by a party. The court shall not proceed to a trial on the merits until the department has filed with the court the approved feasible plan for the evaluation or remediation of the environmental damage.

(iii) The party requesting the referral to the department to conduct a public hearing to approve or structure a plan shall be required to deposit with the department sufficient funds to cover the cost of the department's review of the plans or submittals under this Section, including the cost of holding a public hearing to approve or structure the feasible plan. The initial payment of these costs shall be in
