## DIGEST

LaFleur (SB 685)

Proposed law provides that no school, school system, local or state governmental agency, public or private entity, or any person with access to student data shall sell, transfer, share, or process any student data for use in commercial advertising, or marketing, or for any other commercial purpose. Provides that proposed law does not apply to a student's parents or legal custodians, or students having the capacity to consent.

Proposed law defines "Student data" as data collected or reported at the individual student level and included in a student's educational record. Provides that student data includes state and national assessment results; course taking and completion, credits earned, and other transcript information; course grades and grade point average; date of birth, grade level, and expected graduation date or graduation cohort; degree, diploma, credential attainment, and other school exit information; attendance and mobility; data required to calculate the federal four-year adjusted cohort graduation rate; remediation; special education data; and demographic data and program participation information. Provides that student data does not include, unless included in a student's educational record, juvenile court records; criminal records; certain medical and health records; student biometric information, or student Social Security number.

Effective August 1, 2014.
