16                  his designee.

17                  (15) The president of the Louisiana Association for Business and  
18                  Industry, or his designee.

19                  (16) The president of the Louisiana Association of Educators, or his  
20                  designee.

21                  (17) The president of the Louisiana Federation of Teachers, or  
22                  his designee.

23                  B. Members of the commission shall serve at the pleasure of the  
24                  appointing authority and vacancies shall be filled in the manner of the original  
25                  appointment.

26                  C. Members shall serve without compensation but may be reimbursed  
27                  for expenses as provided by the appointing authority.

28                  D.(1) The state superintendent of education shall call the first meeting  
29                  of the commission no later than September 1, 2014, and a chairman shall be  
30                  elected from among the membership at such meeting.

1                   (2) The commission shall meet upon the call of the chairman, but not  
2                   less than once quarterly.

3                   (3) The Department of Education shall provide staff support to assist the  
4                   commission in performing its duties and responsibilities.

5                   E. The commission shall:

6                   (1) Assist the state superintendent of education in the ongoing evaluation  
7                   of agricultural education programs in elementary and secondary schools.

8                   (2) Review the state action plan for agricultural education and make  
9                   recommendations to the state board regarding changes in policy or curricula  
10                  deemed necessary to ensure that the state's agricultural education programs  
11                  and initiatives are responsive to the needs of students and the agricultural  
12                  community.

13                  (3) Continually review the state's agricultural education delivery system  
14                  and provide advice and guidance to the state superintendent of education  
15                  regarding content standards and curricula, development of agriculture-related  
16                  industry-based certifications, professional development opportunities for  
17                  agricultural educators, and other strategies designed to promote agricultural  
18                  literacy and student awareness of the wide array of educational and career  
19                  opportunities in agriculture-related fields.

20                  (4) Assist in the development of partnerships and alliances with  
21                  agriculture-related industries and other stakeholders.

22                  (5) Provide advice and support in the development and creation of  
23                  agriculture immersion programs in elementary and secondary schools that  
24                  allow students to develop an understanding of the importance of agriculture and  
25                  agriculture-related fields and occupations to the state, the nation, and the world.

26                  §185.5. Agricultural Education Immersion Program; pilot

27                  A. The State Board of Elementary and Secondary Education shall create  
28                  a pilot program to provide for the establishment of agricultural education  
29                  immersion programs that provide students with a high-quality educational  
30                  program that integrates agriculture-related instruction throughout all

1 disciplines included in the curriculum.

2 B. Agricultural immersion programs created pursuant to this Section  
3 shall:

4 (1) Provide an articulated, sequentially-structured, total agricultural  
5 education program that prepares students for entrance into a postsecondary  
6 educational program or other certification that leads to a career.

7 (2) Provide each student with an academically rigorous curriculum,  
8 work-based learning experiences, and student leadership opportunities within  
9 an agricultural context.

10 (3) Integrate agriculture throughout the curriculum in a systematic  
11 manner that prepares students for successful careers in a wide array of  
12 agriculture-related industries and occupations, including food and crop science,  
13 soil science, animal science, fiber production, farm production, renewable  
14 resources, agricultural research, and agribusiness management and marketing.

15 (4) Provide dual-enrollment opportunities that allow students to earn  
16 college credit hours that can be transferred to a postsecondary institution and  
17 industry-based certifications that qualify a student for employment upon  
18 graduation from high school.

19 §185.6. Effectiveness

20 The state action plan agricultural education immersion pilot program  
21 established pursuant to this Subpart shall be implemented upon the appropriation of  
22 funds as expeditiously as possible through any source of funding made available  
23 for this purpose.

24 Section 2. R.S. 36:651(G)(4) is hereby enacted to read as follows:

25 §651. Transfer of boards, commissions, departments, and agencies to Department  
26 of Education; boards, commissions, and agencies within Department  
27 of Education

28 \* \* \*

29 G. The following agencies, as defined by R.S. 36:3, are transferred to and  
30 hereafter shall be within the Department of Education as provided in Part III of

1 Chapter 22 of this Title:
