

Requests the La. State Law Institute to create a Water Code Committee in order to develop proposed legislation establishing a comprehensive Water Code that integrates all of Louisiana's water resources. Provides that the committee shall be an interdisciplinary committee and shall include academicians, practitioners, landowners, scientists with expertise in hydrology, and government representatives with expertise in Louisiana's water resources and the state's existing administrative system of water management. Provides for annual reports to the legislature not later than February first indicating its status in developing a comprehensive code, and including as appropriate, specific recommendations in the form of proposed legislation.
