

Existing law provides with respect to the authority of a postsecondary education management board to grant leases of immovable property under its supervision and management.

New law provides that if property at a public postsecondary education institution is leased to a nonprofit corporation or association for the purpose of holding a fundraising event, the lease may authorize and provide for the auction and sale of firearms at the event. Further provides that any such lease shall include at a minimum the following conditions:

- (1) The firearms to be auctioned are exhibited in a static display.
- (2) Campus security is present at the event.
- (3) The event shall be held indoors.
- (4) The firearms to be auctioned are equipped with a safety lock or other safety feature that renders the firearm nonoperational.

Existing law provides that carrying a firearm or dangerous weapon at a school-sponsored function or in a firearm-free zone is unlawful. Existing law provides for certain exceptions. New law adds an event held pursuant to new law to list of exceptions.

Effective Aug. 1, 2014.
