HB 108 Original

2015 Regular Session

Tim Burns

Abstract: Provides relative to job duties of personnel and supervisory responsibilities for St. Tammany Fire Protection District No. 4.

Present law establishes fire districts in fire departments in all parishes and fire protection districts and in any municipality with a population of at least 35,000 but not more than 250,000. Prohibits inclusion of more than four fire stations in a fire district.

Present law requires that an assistant or deputy fire chief be on active duty at all times in each fire department and that he shall have general supervision over all fire districts and shall be under the supervision of the chief of the fire department. Requires that a district chief be on active duty at all times in each fire district and that he shall be in charge of the district and under the supervision of the assistant or deputy fire chief. Further requires that any assistant, deputy, or district chief work the same schedule as firefighting personnel under his command.

Proposed law exempts St. Tammany Fire Protection District No. 4 from the provisions of present law.
