2015 Regular Session

Stuart Bishop

Abstract: Authorizes an automobile expense allowance for all parish assessors equal to 15% of the assessor's salary to be paid from existing funds of the assessor's office.

Present law authorizes an automobile expense allowance for the assessor in Washington Parish, as well as the assessors in the Iberia Parish Assessment District and Webster Parish Assessment District. The allowance is equal to 15% of the assessor's annual salary and payable out of existing or surplus funds of the assessor's office, provided the assessor maintains \$300,000 of automobile insurance per accident for bodily injury and \$100,000 of automobile insurance per accident for property damage.

Present law authorizes an automobile expense allowance for the assessor in the Evangeline Assessment District. The allowance is equal to 12% of the assessor's annual salary and payable out of surplus funds of the assessor's office, provided the assessor maintains \$300,000 of automobile insurance per accident for bodily injury and \$100,000 of automobile insurance per accident for property damage.

Proposed law repeals present law as it relates to the assessor in Washington, Evangeline, and Iberia Parishes in favor of authorizing an automobile expense allowance for all parish assessors and assessors in assessment districts. The allowance is equal to 15% of the assessor's annual salary, payable out of existing funds of the assessor's office, provided the assessor maintains \$300,000 of automobile insurance per accident for bodily injury and \$100,000 of automobile insurance per accident for property damage. The expense allowance

shall be funded by the assessor and at no additional expense to the state or local governing authority.

Proposed law increases the amount of the authorization of the automobile expense allowance in Evangeline Parish from 12% of the assessor's annual salary to 15% of the assessor's annual salary.
