HB 641 Original

2015 Regular Session

Guillory

**Abstract:** Removes the requirement that the central computer monitoring system for gaming devices shall be located within the Dept. of Public Safety and Corrections, state police gaming division.

Present law provides that all electronic gaming devices on riverboats and slots at tracks live racing facilities be monitored by a central computer which is located within the state police, gaming division.

Proposed law removes the requirement that the central computer be located within the state police gaming division and otherwise retains present law.

Proposed law makes technical corrections to clarify that the central computer monitoring applies to electronic gaming devices at licensed riverboats and at live racing facilities.
