HB 143 Reengrossed

2015 Regular Session

Moreno

Abstract: Provides that unclaimed prize tickets from pari-mutuel wagering and electronic gaming shall be collected and used exclusively for health care services of victims of sexually-oriented criminal offenses.

Present law provides for the regulation of gaming at horse racing tracks, the land-based casino, riverboats, and slot machine gaming.

Present law provides for a 90-day time period for presentation of winning pari-mutuel wagering (horse racing) tickets. Further provides that 100 days after the close of a race meeting, a sum not to exceed \$250,000 for each race meeting that is unclaimed is retained by the licensee.

Proposed law deletes present law regarding the unclaimed monies after 100 days and requires the licensee to remit an amount equal to the unclaimed monies, less any state taxes owed on the monies, to the state treasurer for deposit in the Crime Victims Reparations Fund.

Proposed law establishes a 90-day time period to present a winning ticket from an electronic gaming device for payment. Further provides that the failure to present a ticket within the prescribed time constitutes a waiver of the right to the payment. Thereafter, the holder of the ticket has no right to enforce payment of the ticket.

Proposed law provides that the funds held by any licensee or the casino gaming operator for payment of winning tickets and for the payment of electronic gaming device jackpots shall be retained by the licensee until the expiration of 90 days after the date printed on the ticket. Funds collected shall be remitted, less any state taxes owed on the monies, to the state treasurer for deposit into the Crime Victims Reparations Fund.

Proposed law provides that monies collected from all these sources shall be used exclusively for payment of costs associated with health care services of victims of sexually-oriented criminal offenses.
