Subject: Sets fees for state collection of local sales tax		

TAX/SALES & USE OR INCREASE SG RV See Note Page 1 of 1
Establish the fee to be charged by the Department of Revenue for the collection and enforcement of collection of sales and use taxes of other taxing authorities

Current law authorizes the Department of Revenue to collect certain taxes for other taxing authorities and retain some portion of collections to offset expenses. The law is specific to certain taxes and organizations.

Proposed law authorizes the Department of Revenue to retain at least 1% of general sales tax collections (excluding motor vehicle sales tax) that the state collects on behalf of other taxing authorities pursuant to a contract with that taxing authority.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

According to the Department of Revenue, the state is currently under contract with the New Orleans Exhibition Hall Authority for tax collection (with a 1% fee), and is statutorily authorized to retain a fee for collection of the consumer use tax and the prepaid wireless telecommunications service charge.

This bill will allow LDR to retain a fee of at least 1% of remittances, penalties, fines or other charges from all contractual arrangements for collection of local sales tax. In the aggregate, local sales tax collections are roughly the same as that of the state; \$2.6B of state general sales tax in FY 14. If the state had contracted for all local sales tax of a similar magnitude, a 1% fee would calculate to \$26M, without consideration of penalties, fines or other charges. However, it is not expected that any particular amount of local sales tax will be collected by the state. To the extent the state collects sales tax on behalf of other taxing authorities, fee revenue for the Department of Revenue will increase due to this bill.
