Proposed Amd.:

Sub. Bill For.:

Date: June 3, 2015 7:16 AM	Author: STOKES
Dept./Agy.: Department of Economic Development	Analyst: Charley Rome
Subject: Reduces Tax Credits for not including Louisiana Logo	

TAX CREDITS RE NO IMPACT GF EX See Note Page 1 of 1
Requirements for inclusion of a Louisiana promotional graphic or activity for productions eligible for certain entertainment industry tax credits

Proposed law requires that a motion picture production use a La. promotional graphic (logo) or employ approved alternative marketing opportunities in order to receive the 30% tax credit authorized under current law. Specifically, if a state-certified motion picture production does not include a La. logo or an alternative marketing opportunity approved by Dept. of Economic Development (LED), the tax credit shall be reduced from 30% to 25% of the base investment. The bill requires LED to include in its annual report information regarding the specific use and comparative value of approved alternative marketing opportunities for motion picture productions in the most recently ended calendar year. The report is to be provided on or before Feb. 1st to each member of the House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs. The bill is effective on July 1, 2015; if vetoed by the governor and subsequently approved by the legislature, the bill shall become effective on July 1, 2015, or on the day following such approval by the legislature, whichever is later. The proposed legislation shall be applicable for productions receiving initial certification on or after August 1, 2015.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. State law already requires motion picture productions to use a Louisiana promotional graphic (logo) to receive tax credits authorized under current law. Furthermore, according to LED, nearly all motion picture productions in the state already use the logo required in current law.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure. State law already requires motion picture productions to use a Louisiana promotional graphic (logo) to receive tax credits authorized under current law. Furthermore, according to LED, nearly all motion picture productions in the state already use the logo required in current law. As such, there should be no material impact on state general fund revenues because motion picture productions already use the logos required by current law and will not be subject to the 5% reduction in tax credits proposed in the bill.
