2016 Regular Session

Pierre

Abstract: Requires each high school in any parish with a population of more than 200,000 and less than 225,000 to keep an automated external defibrillator on its premises.

Present law requires each high school that participates in interscholastic athletics to have an automated external defibrillator on its premises, if funding is available. Proposed law retains present law.

Proposed law requires each high school in any parish with a population of more than 200,000 and less than 225,000 to keep an automated external defibrillator on its premises notwithstanding conditions of present law relative to participation in interscholastic athletics and funding availability.

Proposed law provides that it shall be known as the "Teddy Daigle and Shane Ozene Act".
