HB 61 Engrossed

2016 First Extraordinary Session

Jay Morris

Abstract: Dedicates the avails of the 2% state sales and use tax to the Stability in Higher Education Fund which is established as a special fund in the state treasury, and provides with respect to the base of that tax.

Present law establishes a dedication for economic development activities of an amount equal to 0.004% of all state sales and use tax annual collections that remain after satisfaction of the requirements of the Bond Security and Redemption Fund as required by present constitution. Of that amount, \$2 million is deposited into the Marketing Fund, which is established as a special fund within the state treasury for the support of various specific economic development organizations. All monies in excess of the Marketing Fund allocation are deposited into the La. Economic Development Fund, which is established as a special treasury fund to support a wide variety of economic development activities.

Proposed law changes present law by eliminating the dedication of the avails of the 2% state sales and use tax imposed under Ch. 2 of Subtitle II of Title 47 of the La. Revised Statutes of 1950, as amended, hereinafter the "2% tax". The revenues are instead dedicated to the new Stability in Higher Education fund, established under proposed law.

Proposed law establishes the Stability in Education Fund as a special treasury fund (fund) for purposes of the dedication of the avails of the 2% state sales and use tax.

Proposed law requires that after satisfying the requirements of the Bond Security and Redemption Fund as required by present constitution, the state treasurer shall deposit in and credit to the fund an amount equal to the avails of the 2% tax. The legislature is authorized to appropriate from the fund solely for support of public post-secondary education. Monies in the fund shall be invested in the same manner as the state general fund, and unencumbered and unexpended monies in the fund at the end of a fiscal year shall remain to the credit of the fund.

Present law authorizes a dealer to deduct \$25 per cash register as compensation for the cost of reprogramming cash registers as a result of a change in the state sales and use tax rate or base. The amount is deducted from the state tax collections before they are remitted to the Dept. of Revenue.

Proposed law repeals present law.

Present law imposes a combined 4% rate for state sales and use tax upon the sale at retail, the use, the consumption, the distribution, the storage, lease, or rental of tangible personal property (property) in La., as well as certain specific services.
