FUNDS/FUNDING EG SEE FISC NOTE GF RV See Note
Provides for funds in the state treasury. (gov sig)

Proposed law provides that each year the state treasurer shall submit at the August meeting of the Joint Legislative Committee on the Budget (JLCB) the status of fund transfers authorized to eliminate budget deficits for the prior fiscal year, specifically transfers which reduced constitutionally protected funds or dedications which were approved by the JLCB to eliminate budget deficits. The information shall include the date and amount of the transfer, the balance of the fund immediately prior to the transfer and the balance of the fund at year-end. Proposed law provides that the JLCB may make such studies and hold hearings as it deems appropriate and necessary to review special funds and dedications of money in the state treasury including the means of finance (MOF), specifically those funds whose primary MOF is the State General Fund (SGF), and the purpose and use of the monies, and the status and fun balances of the special funds and dedicated monies. Proposed law provides that within 10 days after the effective date of the Act, the state treasurer shall make all transfers provided for herein and shall report instance for which there is an insufficient balance to fully execute the transfer.

EXPENDITURES	2016-17	2017-18	2018-19	2019-20	2020-21	5 -YEAR TOTAL

Local Funds	\$0	\$0	\$0	\$0	\$0	\$0
Annual Total	\$0	\$0	\$0	\$0	\$0	\$0

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

Proposed law requires the state treasurer to submit an annual report to the JLCB regarding the status of fund transfers authorized to eliminate budget deficits for the prior year. The Department of Treasury reports that it is able to accomplish the requirements of the proposed law utilizing existing staff and resources.

To the degree that the JLCB decides to conduct studies and hearings as deemed appropriate to review special funds and dedications of money, the Louisiana Legislature may realize a marginal increase in per diem payments to legislators to the extent that any such meetings may exceed the committee's regular monthly meeting. Any such impact is indeterminable but not expected to create any significant expenditure.

Proposed law provides for the transfer of certain funds into the SGF in accordance with reductions enumerated in the Act which originated as HB 122 of the 2016 First Extraordinary Session, and provides that the state treasurer shall make all such transfers within 10 days after the Act's effective date or to report instances to the commissioner of administration and Joint Legislative Committee on the Budget wherein available balances are insufficient to effectuate the transfer.

REVENUE EXPLANATION

Proposed law provides for the transfer of approximately \$25.8 M from various statutory dedications into the SGF within 10 days of enactment. The treasurer shall report to the commissioner of administration and the JLCB whether any funds transfer cannot be transferred within 10 days due to insufficient cash balance. This transfer of funds is assumed to occur within FY 16 and is therefore not reflected in the tables above. **The statutory dedications from which cash will be transferred into the SGF are detailed on page 2 of this fiscal note.**

To the degree that the impacted statutory dedications do not have sufficient cash balance to effectuate the requisite transfer into the SGF, the treasurer historically has treated these monies as outstanding debts and executed the transfer of cash once the fund's total revenue collections exceeded the current year's appropriation level. As this bill requires a transfer of cash within 10 days, the LFO assumes that all revenues collected in the respective statutory dedication will be transferred into the SGF from the 10-day deadline going forward until such time as the total transfer is complete. To the extent that subsequent collections do not equate to the remaining budget authority, agencies will effectively realize additional reductions due to undercollections.
