TAX COMMISSION, STATE OR +\$5,000,000 SD RV See Note
Provides relative to fees levied by the Louisiana Tax Commission

Page 1 of 1

Current law authorizes the Tax Commission to assess a fee for the assessment of public service properties of 0.01% of the assessed value to be paid by the public service paying the ad valorem tax. These fee collections have partially funded the operations of the Commission. The fee is authorized through June 30, 2018 but has been renewed routinely since 1993.

Proposed law retains the current law expiration date of June 30, 2018, but increases the assessment fee for public service properties from 0.01% to 0.1% of the assessed value.

Effective July 1, 2016.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

Based on 2015 public service property assessed values, the Tax Commission expects the fee increase to generate about \$5M annually beginning in January, 2017, when taxes become due. Collections would begin in January, 2017, which may require a cash flow solution (such as seed funding) for first half of FY 17, if the fee proceeds supplant the agency's current SGF appropriation of about \$1.4M. The fee would be deposited into and appropriated from the Tax Commission Expense Fund.

The current .01% fee is authorized through June 30, 2018, as will be the fee increase to 0.1% in this bill. The continuation of the increased fee amount is depicted throughout the fiscal note horizon since, prior to this rate increase, the fee has been renewed routinely since 1993. The fiscal note assumes that renewal of the new fee will continue, as well.
