Provides relative to charter school funding. (7/1/16)

Present law provides for the per pupil amount to be allocated to the various types of charter schools through the minimum foundation program (MFP) formula and that local revenues utilized in determining the local portion of MFP funds to be allocated to charter schools shall include Sales and use taxes, less any collection fee paid by the school district, Ad valorem taxes, and earnings from sixteenth section lands owned by the school district. Provides that local revenues shall exclude any portion which has been specifically dedicated by the legislature or by voter approval to capital outlay or debt service. Proposed law adds to the list of exclusions from local revenues dedications to teacher and school employee salaries and benefits or the expenses of maintaining and repairing schools. Further repeals the provision that exclusions shall be applicable only to a charter school housed in a facility or facilities provided by the district in which the charter school is located.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. There may be a reduction in the level of funds allocated by local school districts to charter schools operating in the district if local revenues dedicated to teacher and school employee salaries or the expenses of maintaining and repairing schools are no longer available for distribution to the charters. Further, these exclusions will now apply to all charter schools, regardless of whether or not they are housed in facilities provided by the district. Funds would instead be allocated to public schools within the district. Potential reallocations will depend upon the number of charter schools operating within a district and the level of local revenues dedicated for such purposes.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.

Senate Dual Referral Rules House

13.5.1 >= \$100,000 Annual Fiscal Cost {S&H}

6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}

13.5.2 >= \$500,000 Annual Tax or Fee Change {S&H}

6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
