EXPENDITURE EXPLANATION

Proposed law will increase SGF expenditures by an indeterminable amount to the extent any offenders are convicted under LA R.S. 14:95(B)(2). The proposed law increases penalties for persons convicted of illegally carrying weapons while committing a crime of violence as defined in LA R.S. 14:2(B). Proposed law increases the minimum sentence by 1 year, from 1 year to 2 years. Furthermore, proposed law increases the maximum sentence by 3 years, from 2 years to 5 years. The sentence would be served consecutively with any sentence imposed for committing a crime of violence as defined in LA R.S. 14:2(B). The expenditure increase would occur no sooner than FY 18 as a 1 year minimum sentence exists in present law.

SGF expenditures will increase by \$51.68 per offender per day if offenders are housed in state facilities and by \$24.39 for state offenders housed in local facilities. Offenders sentenced to the custody of the Dept. of Public Safety & Corrections for one year would increase SGF expenditures by \$18,863 (\$51.68 per day * 365 days) if housed in a state facility and \$8,902 (\$24.39 per day * 365 days) if housed in local facilities. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

To the extent an offender serves the maximum of 5 years, the cost in a state facility would be \$94,315 (1 offender * \$18,863 per year * 5 years) or \$44,510 (1 offender * \$8,902 per year * 5 years) if a state offender is housed in a local facility.

Note: DPS reports there are currently no offenders incarcerated under LA R.S. 14:95(B)(2).

REVENUE EXPLANATION
