**2016 REGULAR SESSION
ACTUARIAL NOTE HB 17**

Bill Information:

Current Law

Municipal Employees' Retirement System (MERS) was established by Act 356 of the 1954 regular session of the Legislature of the State of Louisiana. MERS provides retirement benefits to employees of all incorporated villages, towns and cities with the State, which did not have their own retirement systems and elected to become members of MERS.

Though the current law under R.S. 11:1732 (14)(a) does not include the Louisiana Local Government Environmental Facilities and Community Development Authority (LCDA) as a participating employer, LCDA is administratively a participating employer in Plan A of MERS and is making the required employer and employee contributions.

Proposed Law

HB 17 codifies into the law that LCDA is a participating employer of MERS under R.S. 11:1732 (14)(a).

Implications of the Proposed Changes

HB 17 adds the LCDA to the list of entities authorized to participate in MERS by agreement with the system board of trustees. Employees of LCDA have already been participating in the retirement system and both employer and employees have been paying the required contributions.

Cost Analysis:

Analysis of Actuarial Costs

Retirement Systems

There is no cost or savings associated with HB 17. The LCDA is already a participating employer in MERS. MERS already accounts for future benefits and liabilities associated with employees of LCDA. The employer and the employees are paying the required contributions to MERS.

Other Post-Employment Benefits

There are no actuarial costs associated with HB 17 for post-employment benefits other than pensions.

Analysis of Fiscal Costs

There are no fiscal costs associated with HB 17.

Actuarial Data, Methods and Assumptions

This actuarial note was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by PRSAC. These assumptions and methods are in compliance with actuarial standards of practice. This data, methods and assumptions are being used to provide consistency with the actuary for the retirement system who may also be providing testimony to the Senate and House retirement committees.

Actuarial Caveat

There is nothing in HB 17 that will compromise the signing actuary's ability to present an unbiased statement of actuarial opinion.

Actuarial Credentials:

Paul T. Richmond is the Manager of Actuarial Services for the Louisiana Legislative Auditor. He is an Enrolled Actuary, a member of the American Academy of Actuaries, a member of the Society of Actuaries and has met the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinion contained herein.
