Subject: 10% of Evaluation Points for Veterans in RFPs		Analyst: Zachary Rau

PUBLIC CONTRACT/BIDS EG SEE FISC NOTE GF EX Page 1 of 1

Provides for the percentage of total evaluation points awarded to certain veterans in requests for proposals for state procurements and public contracts

Present law authorizes 10% of the total evaluation points in a Request For Proposal (RFP) be awarded to offerors who are certified veterans and service-connected disabled veteran-owned small businesses. Proposed law makes awarding of the 10% of the total evaluation points on RFPs mandatory unless it jeopardizes funding for the project.

EXPENDITURE EXPLANATION

Proposed law makes awarding 10% of the total evaluation points on a Request For Proposal (RFP) associated with certified veteran-owned firms mandatory rather than discretionary, provided the inclusion does not jeopardize funding for procurement. RFP scoring will be altered to the extent that state agencies, if any, currently do not include the 10% of evaluation points for veteran-owned firms.

The Division of Administration (DOA), who manages RFPs for professional, personal, consulting, and social services (PPCS), does not anticipate a material cost increase associated with a mandatory award 10% of total evaluation points for RFPs, as the division reports that it already includes this provision during the RFP process.

DOA further reports that certain entities are exempted from their oversight during the RFP process, such as LSU, the Recovery School District, the 10 Human Service Districts, and the Patient Compensation Fund. To the extent that these entities may not currently include the 10% for veteran-owned firms in their RFP scoring, they will be required to do so under the provisions of proposed law. Furthermore, DOA indicates that state agencies may conduct their own RFP process for services that are not PPCS-related. To the extent state agencies may not currently apply the 10% for veteran-owned firms in their RFP scoring, they will be required to do so under the provisions of proposed law.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
