

# **Subject Index**

**Regular Session  
2026**

**Prepared by the staff of the  
David R. Poynter Legislative Research Library  
LOUISIANA HOUSE OF REPRESENTATIVES**

## USER'S GUIDE TO THE SUBJECT INDEX

Legislation in the index is arranged using a top-down hierarchical structure. Each entry is listed under a main subject heading and a related subheading. Refer to the list on the following page to locate the main heading for the topic you are interested in.

**Appropriations:** Legislation that makes an appropriation only appears under the *Appropriations* heading.

**Departmental entries:** Only legislation that directly affects the organization and management of a department appears under a department/office's subheading. Programs and departmental responsibilities are indexed under subheadings relevant to the program or assignment.

**Legislative/non-legislative studies:** Studies are entered by the subject matter they study, not the entity conducting the study.

**Occupations & Professions:** Most occupations & professions appear under this heading without an entry under the subject area of their profession. For example, *Physicians* is entered under *Occupations & Professions* and will not appear under *Health*.

**Parish/municipal topics:** Most legislation dealing with parishes and municipalities is entered under a specific subject heading, but is not entered under *Municipal & Parochial Affairs*.

**Retirement systems:** Legislation about the various retirement systems is only entered under *Retirement*.

**Special Districts & Authorities:** Legislation about special districts or authorities only appear under this heading.

**State Property Transactions:** Legislation that transfers or leases state property is only indexed under *Property: Public Property - State*.
