SENATE CONCURRENT RESOLUTION NO. 25

BY SENATOR HODGES

A CONCURRENT RESOLUTION

To create the Comite River Diversion Canal/Amite River Basin Task Force and to authorize the task force to study and make recommendations on actions necessary to complete construction of the Comite River Diversion Project and mitigate flooding caused by the Comite and Amite rivers.

WHEREAS, during the floods of 1983 and 2016, substantial portions of the parishes of East Baton Rouge, Livingston, and Ascension were inundated with flood waters; and

WHEREAS, the purpose of the Comite River Diversion Canal Project is to divert flood waters from the upper Comite River to the Mississippi River; at its maximum capacity, the project will divert twenty thousand cubic feet per second by gravity flow; and

WHEREAS, once completed, the Comite River Diversion Canal could divert fifty percent of the flood waters from the upper Comite River, which would substantially reduce flood stages along the lower Comite and Amite rivers; and

WHEREAS, following the displacement of thousands of residents from the New Orleans area after Hurricane Katrina, East Baton Rouge Parish experienced an explosive population growth and is now the most populous parish in the state, making the Comite River Diversion Canal Project all the more important and urgently significant; and
