## User's Guide to Subject Index

1. **Legislative studies:** Studies by legislative committees (or other bodies with legislative members) are entered only under *Legislative Affairs: Committee Studies*. No subject entry is provided.
2. **Non-legislative studies:** Studies by non-legislative entities are entered in a subject section, but *not* under the agency(s) performing the study.
3. **Departmental entries:** Only bills directly affecting the organization and management of a department appear under the department/office entry. Administrative rule legislation may also appear under the departmental entry, although it usually appears under the subject matter of the rule. General bills dealing with administrative rules are under *Administration: Procedure*. All departmental programs and other responsibilities are located under the subject heading(s) of the program, etc..
4. **Parishes/Municipalities topics:** Most bills dealing with parishes and municipalities are entered under a specific subject heading and *not* under *Parishes* or *Municipalities*. However, bills which fall under no appropriate subject heading elsewhere in the index have an entry under the parish or municipality involved. Bills which deal with the powers of parish/municipal governing authorities (mayor, police jury, etc.) will appear under the specific subheading under *Parishes* or *Municipalities*, usually under the subject itself.
5. **Retirement systems:** Bills about the various retirement systems are only indexed under *Retirement*.  
For example, bills dealing with a teacher's retirement will *not* appear under *Education*, but can be found under *Retirement: Teachers Retirement System*.
6. **Worker's compensation:** Similar treatment is given this subject as *Retirement*. Bills on the subject only appear under that heading: *Worker's Compensation*.
7. **Appropriations:** Similar treatment is given this subject as *Retirement* and *Worker's Compensation*.  
Bills actually making an appropriation only appear under *Appropriations*.
