Provides with respect to probation violations

Present law provides that offenders may be placed on probation and provides for revocation hearings for violations of probation due to the commission of a second offense. Present law provides that no credit shall be allowed for time spent on probation or for the time elapsed during suspension of the sentence. Proposed law provides that the defendant may be given credit for time served prior to the revocation hearing for time served in actual custody while being held for a probation violation in a local detention facility, state institution, or out-of-state institution. Present law provides that when the new conviction is a Louisiana conviction, the sentence shall run consecutively with the sentence for the new conviction, unless the court originally imposing the suspension or probation specifically orders that the sentences are to be served concurrently, in which case the court minutes shall reflect the date from which the sentences are to run concurrently. Proposed law changes present law to provide that when the new conviction is a Louisiana conviction, the court shall specify in the minutes whether the sentence shall run consecutively or concurrently with the sentence for the new conviction.

EXPENDITURE EXPLANATION

The proposed law may result in an indeterminable decrease in SGF expenditures if state offenders are given credit for time served prior to the revocation hearing for time served in actual custody while being held for a probation violation in a local detention facility, state institution, or out-of-state institution.

SGF expenditures will decrease by \$51.68 per offender per day if offenders are housed in state facilities and by \$24.39 for state offenders housed in local facilities. Offenders sentenced to the custody of the Department of Public Safety and Corrections for one year would decrease SGF expenditures by \$18,863 (\$51.68 per day x 365 days) if housed in a state facility and \$8,902 (\$24.39 per day x 365 days) if housed in local facilities. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

Note:

In 2014, the number of state offenders admitted for a Probation Revocation was 3,659 with an average sentence of 4.67 yrs. In 2015, the number was 3,504 with an average sentence of 4.60 yrs.

REVENUE EXPLANATION

The proposed law may result in an indeterminable increase in self-generated revenue as a result of offenders being released into parole supervision. For each offender that is released to parole at an earlier date, the (DPSC) - Correction Services could collect up to \$63 per month from each offender under parole supervision. It should be noted that the maximum amount paid per month is \$63 and the offender's ability and amount required to pay is determined by Probation and Parole.
