EXPENDITURE EXPLANATION

This legislation may result in an indeterminable increase in SGF expenditures to the Department of Public Safety and Corrections - Correction Services if a defendant is charged with unlawful use of a cellular tracking device. The maximum imprisonment is two (2) years with or without hard labor.

SGF expenditures will increase by \$51.68 per offender per day if offenders are housed in state facilities and \$24.39 for state offenders housed in local facilities. Offenders sentenced to the custody of the Department of Public Safety and Corrections - Correction Services for one year would increase SGF expenditures by \$18,863 (\$51.68 per day x 365 days) if housed in a state facility and \$8,902 (\$24.39 per day x 365 days) if housed in a local facility. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

To the extent an offender serves the maximum of two (2) years, the cost in a state facility would be \$37,726 (1 offender x \$18,863 per year x 2 years) or \$17,804 (1 offender x \$8,902 per year x 2 years) if a state offender is housed in a local facility.

REVENUE EXPLANATION

The proposed law may result in an indeterminable increase in local funds revenue if an offender is charged with unlawful use of a cellular tracking device. The maximum fine assessed is \$3,000. The potential revenue will accrue to the local governing authority.
