HB 52 Engrossed

2016 Second Extraordinary Session

Abramson

Abstract: Provides for procedures, exceptions, requirements, and limitations necessary for the execution, implementation, and administration of capital outlay appropriations for FY 2016-2017.

Proposed law provides generally with respect to execution, implementation, and administration of capital outlay appropriations for FY 2016-2017.

Proposed law, notwithstanding any provision of present law or the 2016-2017 Capital Outlay Act to the contrary, requires that all projects for which a line of credit has been approved in Fiscal Year 2015-2016, shall submit a new capital outlay request to the office of facility planning, which shall be received by the office of facility planning on or before November 1, 2016. All new capital outlay requests submitted by non-state projects for which a line of credit has been approved in Fiscal Year 2015-2016, shall submit a new capital outlay request which shall include a letter of support from a legislator in whose district the project is located, in order to be eligible to receive capital outlay funding for Fiscal Year 2017-2018. The non-state project application shall not be deemed complete unless the project has either a fully executed cooperative endeavor agreement or proof of the applicable local match, if required, submitted to and received by the division of administration, office of facility planning and the Joint Legislative Committee on Capital Outlay on or before February 1, 2017.

Proposed law provides specific exemptions from present law for the management and execution of specific capital outlay projects or the projects of specific recipient entities.

Proposed law establishes general requirements relating to cooperative endeavor agreements.

Effective upon signature of governor or lapse of time for gubernatorial action.
