CONFERENCE COMMITTEE REPORT DIGEST

SB 10

2016 Second Extraordinary Session

Ward

Keyword and summary of the bill as proposed by the Conference Committee

TAX/AD VALOREM: Provides for the confidentiality of tax records and the definition of manufacturer for purposes of the tax credits for ad valorem taxes paid to local governments. (gov sig) (Item #47)

Report adopts House amendments to:

1. Delete provisions that exclude from the definition of "inventory" items of tangible personal property held at a manufacturing establishment or an addition thereto that was exempt from ad valorem taxation under present constitution for the year in which ad valorem taxes were levied upon such items of tangible personal property.
2. Make the act effective upon signature of governor or lapse of time for gubernatorial action.

Report rejects House amendments which would have:

1. Authorized any excess credit amount in present law to carry forward for five years for certain manufacturers.
2. Defined "manufacturer" for purposes of authorizing only a carry forward credit for certain manufacturers.

Report amends the bill to:

1. Provides that the definition of manufacturer includes a person who meets present law definition of manufacturer and who has claimed the ad valorem exemption under present constitution during the taxable year in which the local inventory taxes were levied and that such manufacturers and all related parties, affiliates, subsidiaries, parent companies, or owners of such manufacturers for the inventory held that is related to the business of such manufacturers may only carry forward for five years any excess credit amount in present law. Further provides that the secretary shall promulgate rules to ensure that taxpayers affiliated with or related to any other entity through

common ownership by the same interests or as a parent or subsidiary shall be considered one taxpayer for the purpose of the limitations on refundability.

2. Deletes the provision specifying that manufacturer shall not mean a person who has claimed the ad valorem exemption under Article VII, Section 21(F) of the Constitution of Louisiana during the taxable year in which the local inventory taxes were levied, unless a minimum of twenty-five percent of its total Louisiana inventory subject to ad valorem taxation was not held at a new manufacturing establishment, or an addition to an existing manufacturing establishment, for which the ad valorem exemption is claimed.

Digest of the bill as proposed by the Conference Committee

Present law provides that ad valorem tax forms filed by a taxpayer shall be confidential and shall be used by the assessor, the governing authority, and the Louisiana Tax Commission solely for the purpose of administering the provisions of Acts 1976, No. 705.

Proposed law permits use of ad valorem tax forms by the Department of Revenue for purposes of verifying eligibility for inventory tax credits.

Present law authorizes a partially refundable tax credit for taxpayers who pay \$10,000 or more in ad valorem taxes on inventory held by manufacturers and allows any unused credits to be carried forward as a credit against subsequent tax liability for a period not to exceed five years.

Present law provides for the definition of "inventory" and contains certain exclusions from that definition.

Present law provides that a "manufacturer" means a person engaged in the business of working raw materials into wares suitable for use or which give new shapes, qualities, or combinations to matter which already has gone through some artificial process.

Proposed law retains present law but further provides that a "manufacturer" shall also mean a person who meets present law definition of manufacturer and who has claimed the ad valorem exemption under present constitution during the taxable year in which the local inventory taxes were levied. Proposed law further provides that such manufacturers and all related parties, affiliates, subsidiaries, parent companies, or owners of such manufacturers for the inventory held that is related to the business of such manufacturers may only carry forward for five years any excess credit amount in present law. Proposed law also provides that the secretary shall promulgate rules to ensure that taxpayers affiliated with or related to any other entity through common ownership by the same interests or as a parent or subsidiary shall be considered one taxpayer for the purpose of the limitations on refundability provided for in proposed law.

Proposed law applies to all claims for these credits on any return filed on or after July 1, 2016, regardless of the taxable year to which the return relates.

Proposed law shall not apply to an amended return filed on or after July 1, 2016, provided that these credits were properly claimed on an original return filed prior to July 1, 2016.

Effective upon signature of governor or lapse of time for gubernatorial action.

(Amends R.S. 47:2327 and 6006(C)(3) and adds R.S. 47:6006(B)(3))
