ACT 670 (HB 882)

2016 Regular Session

Armes

Existing law provides for methods of source selection that may be utilized by state agencies to satisfy a state goal for contracting with veteran and service-connected disabled veteran-owned small entrepreneurships.

Prior law authorized 10% of the total evaluation points in a request for proposal to be awarded to an offeror who was a certified veteran and service-connected disabled veteran-owned small business entrepreneurship.

New law changes prior law relative to the awarding of 10% of the total evaluation points to certain veterans from a permissive requirement to a mandatory requirement. Exempts proposals for design-build or construction manager at risk methods of construction from the new law requirements regarding the mandatory award of evaluation points to certain veterans.

Effective Aug. 1, 2016.
