- (3) Identify funding areas that should be coordinated across agencies to maximize the delivery of state and community-based services as they relate to reentry.
- (4) Identify areas in which improved collaboration and coordination of programs and activities will result in increased effectiveness or efficiency of service delivery.
- (5) Promote areas of research and program evaluation that can be coordinated across agencies with an emphasis on applying evidence-based practices to support treatment and intervention programs for offenders.
- (6) Conduct a review of existing policies and practices and make specific recommendations to the legislature for systemic improvement.
- (7) Create and support local reentry councils in collaboration with community stakeholders throughout the state.
- (8) Commence offender reentry public education campaigns.
- (9) Enhance the role of faith and community-based services for formerly incarcerated persons.

New law changes the number of council members from 13 to 22 members and provides that 12 members constitute a quorum.
