

RÉSUMÉ DIGEST

ACT 265 (HB 1140)

2016 Regular Session

Broadwater

Existing law regulates the terms and provisions of contracts between healthcare providers and managed care organizations. New law additionally prohibits managed care organizations from terminating a contractual relationship with a provider due to the provider refusing to participate in all healthcare plans and provider networks offered by the insurer.

New law prohibits managed care organizations from requiring healthcare providers to agree to participate in all healthcare plans and provider networks offered by the managed care organization as a condition of the provider entering a contractual relationship with the insurer.

New law provides an exception for insureds from other states traveling in Louisiana.

Effective August 1, 2016.
