

RÉSUMÉ DIGEST

ACT 574 (HB 1153)

2016 Regular Session

Hoffmann

Existing law (R.S. 23:540) exempts certain boilers from regulations affecting boilers.

New law adds potable water boilers below 120 gallon capacity and less than 200,000 BTUs (British Thermal Units) to the exemptions of existing law. Further makes technical changes and otherwise retains existing law.

Effective August 1, 2016.

(Amends R.S. 23:540)
