

RÉSUMÉ DIGEST

HR 22

2016 Regular Session

Henry

Existing House Rule establishes standing subcommittees of the Committee on Appropriations and authorizes the Appropriations Committee chairman to appoint the chairman, vice chairman, and members of subcommittees. Provides that the chairman of the Appropriations Committee shall establish the work schedule of the subcommittees and may refer other budgets and appropriations to the subcommittees for review. Existing House Rule provides for the following standing subcommittees of the Committee on Appropriations: General Government, Health and Human Services, Business Development, Infrastructure and Resources, and Public Safety and Corrections and further specifies which portions of the executive budget each is to review.

Prior House Rule also provided for the standing Subcommittee on Education of the Committee on Appropriations.

New House Rule divides the Subcommittee on Education into the Subcommittee on Elementary and Secondary Education and the Subcommittee on Postsecondary Education and specifies which portions of Schedule 19 of the executive budget each is to review. Further, corrects the names of the Dept. of Children and Family Services and the La. Workforce Commission and clarifies that the Subcommittee on Health and Human Services reviews budget and appropriations for the "Health Care Services Division within the LSU Health Sciences Centers, and the budgets and appropriations associated with the delivery of health care services in Louisiana" rather than the "Health Care Services Division, the LSU Health Sciences Centers, and the budgets associated with the delivery of health care services in Louisiana."

Effective March 21, 2016.
