HB 236 Original

2017 Regular Session

Shadoin

Abstract: Eliminates certain constitutional dedications of revenue and certain treasury funds.

Louisiana Education Quality Trust Fund and Louisiana Quality Education Support Fund

Present constitution creates the La. Education Quality Trust Fund (Const. Art. 7, §10.1) and deposits into the trust revenues from the federal government related to mineral activities on the outer continental shelf. Further prohibits appropriations from the trust and provides that once the balance of the trust reaches \$2 billion, all recurring revenues in the trust are deposited into the state general fund. Proposed constitutional amendment changes the name of the trust from La. Education Quality Trust Fund to the La. Quality Trust Fund.

Present constitution further creates the La. Quality Education Support Fund and deposits into the fund 75% of certain revenues into the trust and interest earnings from the trust. The monies in the fund are available for appropriation only for educational purposes. Proposed constitutional amendment eliminates the La. Quality Education Support Fund. Further, changes the source receiving the deposit of 75% of revenues that go into the trust and interest earnings from the La. Quality Education Support Fund to the state general fund.

Louisiana Fund and Millennium Trust: the Health Excellence Fund, the Education Excellence Fund, and the TOPS Fund

Present constitution creates the Millennium Trust (Const. Art. 7, §10.8) and deposits 75% of the monies received from the multi-state tobacco settlement agreement into the trust. Present constitution further creates the La. Fund (Const. Art. 7, §10.9) and deposits 25% of the monies received from the multi-state tobacco settlement agreement. The monies in the La. Fund are available for use for healthcare and educational purposes. Proposed constitutional amendment requires that, beginning July 1, 2018, all money received as a result of the tobacco settlement agreement be deposited into the state general fund and repeals the La. Fund.

Present constitution further creates three funds within the Millennium Trust: the Health Excellence Fund, the Education Excellence Fund, and the TOPS Fund. Present constitution allocates 1/3 of the interest earnings on the trust to the Health Excellence Fund and the Education Excellence Fund. Monies in the Health Excellence Fund are available only for certain healthcare related purposes and the monies in the Education Excellence Fund are available only for certain education related purposes. Present constitution allocates all of the monies received from the multi-state tobacco

settlement agreement and deposited into the Millennium Trust into the TOPS Fund and further allocates 1/3 of the interest earnings on the trust to the TOPS Fund. Monies in the TOPS Fund can be used only for financial assistance for students attending La. institutions of higher education.

Proposed constitutional amendment eliminates the Health Excellence Fund, the Education Excellence Fund, and the TOPS Fund in the constitution.

Proposed constitutional amendment changes the source receiving all of the monies from the tobacco settlement agreement and deposited into the Millennium Trust from the TOPS Fund to the state general fund. Further changes the source receiving the interest earnings on the trust from an allocation of 1/3 of the amount to the Health Excellence Fund, the Education Excellence Fund, and the TOPS Fund to the state general fund.

Lottery Proceeds Fund

Present constitution authorizes the legislature to create a state lottery and requires that the net proceeds be deposited into the Lottery Proceeds Fund and used to fund the Minimum Foundation Program (Const. Art. 12, §6). Proposed constitutional amendment eliminates the Lottery Proceeds Fund and deletes the requirement that the net lottery proceeds are used to fund the Minimum Foundation Program.

Transportation Trust Fund

Present constitution creates the Transportation Trust Fund (Const. Art. 7, §27) and deposits into the trust certain taxes on certain fuels and vehicle licenses (Const. Art. 7, §5). Proposed constitutional amendment changes the dedication of the tax on vehicle licenses from the Transportation Trust Fund to the state general fund. Proposed constitutional amendment retains present constitution regarding the deposit of taxes on fuels into the fund through Fiscal Year 2014-2018. For the fiscal year beginning on July 1, 2018, dedicates the one cent of the taxes levied on fuels to the Parish Transportation Fund, the amount necessary to satisfy revenues pledged for debt service on Jan. 1, 2018, and deposits of other taxes on fuels into the trust may be provided by law.
