HB 349 Original

2017 Regular Session

Leger

**Abstract:** Provides that the rates and brackets for the individual income tax shall be provided for in law and eliminates the deduction for federal income taxes paid when computing state individual income taxes.

Present constitution authorizes equal and uniform taxes to be levied on net income. Further authorizes the rates for these taxes to be graduated according to the amount of the taxpayer's net income; however, the state individual and joint income tax schedule of rates and brackets are prohibited from exceeding the rates and brackets as they existed on Jan. 1, 2003.

Present constitution authorizes federal income taxes paid to be allowed as a deductible item in computing state income taxes for the same period.

Proposed constitutional amendment changes present constitution by eliminating the deductibility of federal income taxes paid when computing individual income tax liability and eliminates references to the maximum amount of the individual income tax rates and brackets from the constitution in favor of providing for the rates and brackets in law.

Effective Jan. 1, 2018, and applicable to all tax years beginning on and after that date.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Oct. 14, 2017.

(Amends Const Art. VII, §4(A))
