TAX/INCOME TAX: (Constitutional Amendment) Provides for a flat tax on individual income and eliminates the income tax deduction for federal income taxes paid for purposes of computing individual income taxes

A JOINT RESOLUTION

Proposing to amend Article VII, Section 4(A) of the Constitution of Louisiana, relative to income taxation; to provide with respect to the rates and brackets for purposes of calculating individual income taxes; to provide for a flat rate for individual income taxes; to provide with respect to the deductibility of federal income taxes paid for purposes of computing state income taxes; to eliminate the deduction of federal income taxes paid for purposes of computing state individual income taxes; to provide for applicability; to provide for an effective date; to provide for submission of the proposed amendment to the electors; and to provide for related matters. Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 4(A) of the Constitution of Louisiana, to read as follows: §4. Income Tax; Severance Tax; Political Subdivisions Section 4.(A) Income Tax. Equal and uniform taxes may be levied on the net incomes, and these taxes may be graduated according to the amount of net income of individuals and businesses. However, the state individual and joint income tax schedule of rates and brackets shall never exceed the rates and brackets

set forth in Title 47 of the Louisiana Revised Statutes on January 1, 2003. The state

HB 371 Original

2017 Regular Session

Ivey

Abstract: Requires a flat individual income tax rate and eliminates the deduction for federal income taxes paid for taxpayers who file individual income tax returns.

<u>Present constitution</u> authorizes equal and uniform taxes to be levied on net income. Further authorizes the rates for these taxes to be graduated according to the amount of the taxpayer's net income; however, the state individual and joint income tax schedule of rates and brackets are prohibited from exceeding the rates and brackets as they existed on Jan. 1, 2003.

<u>Present law</u> provides for a tax to be assessed, levied, collected, and paid upon the taxable income of an individual at the following rates and brackets:

(1) 2% on the first \$12,500 of net income;

CODING: Words in struck through type are deletions from existing law; words <u>underscored</u> are additions.

- (2) 4% on the next \$37,500 of net income;
- (3) 6% on net income in excess of \$50,000.

<u>Proposed constitutional amendment</u> deletes the reference to the individual income tax rates and brackets in existence on Jan. 1, 2003, in favor of specifying that a state tax levied on individual income shall be levied at a flat rate which shall be established in law.

<u>Present constitution</u> authorizes federal income taxes paid to be allowed as a deductible item in computing both individual and corporate state income taxes for the same period.

<u>Proposed constitutional amendment</u> changes <u>present constitution</u> by eliminating the deductibility of federal income taxes paid when computing individual income tax liability.

Effective Jan. 1, 2018, and applicable to all tax years beginning on and after Jan. 1, 2018.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Oct. 14, 2017.

(Amends Const. Art. VII, §4(A))
