DIGEST

SB 167 Original

2017 Regular Session

Barrow

Proposed law defines "facility".

Proposed law requires that when a facility has been issued a notice of violation of the facility's permitted air emissions, the facility's owner or operator must within one hundred days provide sufficient funds to LDH to conduct free public health screenings to any resident who resides within one mile of the facility. Further requires that LDH provide the free public health screenings within 100 days of receipt of the funds.

Proposed law requires the facility owner or operator to publish a notice of the free public health screening in the official journal of the parish governing authority for the parish in which the violation occurred.

Effective August 1, 2017.

(Adds R.S. 30:2067)
