Proposed law creates an "all other lines" category of insurance producers for the purpose of unifying the fee structure and renewal periods for the following insurance producer licenses: life, health, and annuities; property and casualty; limited lines; and limited lines credit insurance. Proposed law otherwise retains present law regarding the fee structure for producers in these categories.

Proposed law creates the following fee structure for all other lines of producer licenses:

Producer renewal fee (every two years):

Present law provides that a business entity acting as an insurance producer is required to obtain an insurance producer license and that any person who directly or indirectly controls 10% or more of such entity shall be registered with the Department of Insurance under such business entity's license.

Proposed law changes present law by limiting the requirement to register controlling persons to resident business entities. Proposed law adds a requirement for non-resident business entities to provide that information to the commissioner of insurance upon request.

Effective January 1, 2018.
